## Both Branches of Legislature Hold Busy Sessions

TALLAHASSEE, May 27.—Despite the long grind of Tuesday night, the Senate yesterday settled down to real hard work and pushed forty-four bills through to third reading and killed five.

The most important action of the day was the unsuccessful effort to override the veto of the Governor of the Johnson bill prohibiting fire insurance companies from setting up lack of title as a defense against payment of a policy.

Senator Flournoy delivered a forceful address in favor of going over the head of the Governor, but the vote stood 18 to 10 against, lacking the necessary two-thirds.

Discussion of the Broome bill relating to the liability of railroad companies having relief departments to their employees, was resumed in the morning and the bill finally went on to third reading. The most forceful address against this bill was delivered by Senator Buckman.

Senate Bill No. 102, by Mr. McCreary, for relief of W. A. Snowden of Micanopy, was advanced to third reading.

### Flournoy's Coeducation Bill.

Senator Flournoy has introduced a bill providing for the coeducation of persons of the same race in all the schools, colleges and universities of this State as follows:

"Be it enacted by the Legislature of the State of Florida:

"Section 1. From and after the passage of this act all schools, col-

leges and universities of this State shall be open to students of both sexes of the same race.

"Sec. 2. All laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

"Sec. 3. This act shall take effect immediately upon its passage and approval by the Governor, or upon its becoming a law without his approval."

Opposition to this bill is expected to materialize in plenty. Many hold that the present system of separating the sexes in the State educational institutions is much the better and more practical plan. Better results are obtained, and then a separation of the sexes seems to lend to the individual institution distinction and dignity that places it high above the standard of the coeducational schools. The bill will doubtless not be passed at this session.

### THE HOUSE.

Practically all of yesterday in the House was given up to the consideration of the general revenue bill in committee of the whole. Innumerable amendments were offered but nearly all were killed. An effort was made to reduce the license tax on express companies a little, but the effort was unsuccessful.

The Jacksonville charter bill was taken up at the night session and discussed at length. It was made a special order for today.

## MAY-DAY FESTIVAL WAS BIG SUCCESS

HANDSOME SUM REALIZED FOR THE PUBLIC LIBRARY.

May-Pole Dance and Baby Show Distinctive Features and Attracted Large Crowd.

From Sunday's Daily Sun:

The Baby Show and May Festival which was given Friday afternoon, on the Seminary lawn, was a great success in every way, and a large sum—about \$80—was made for the Library.

The May-pole dance was a special feature of entertainment, in which twelve little girls participated. These were voted on, in the evening, and little Miss Marie DePass was elected Queen of the May Festival by a large majority. She is the lovely eight-year-old daughter of Dr. and Mrs. M. H. DePass.

Little Miss Martha Lee McKinstry, age three months, the beautiful daughter of Mrs. Robert McKinstry, was awarded the prize, a little silver spoon, for being the prettiest and most popular young lady in Gainesville. Miss Margaret Wade Ledbetter, age 19 months, was a very close second, and was awarded first prize for the prettiest decorated carriage. This little brunette beauty was dressed very becomingly in a Japanese kimono, with Japanese parasol over her, and her carriage was decorated in red chrysanthemums and poppies to carry out the color scheme. The prize was a handsome little rocking chair.

The young man under two years who received first honors, was Master J. Maxey Dell, who has long since been recognized as one of the handsomest boys in Florida. The prize was two gold pins.

In the other contest—the children between two and four years of age—the girl's prize fell to beautiful little Mary Kincaid, and the boy's prize, a pretty silver cup, was awarded Master Joseph Waugh, who never looked handsomer, with his lovely brown curls and beautiful eyes.

There were about fifty babies in the baby show, and all were lovely little darlings, and no doubt all should have had prizes. Special mention should be given to Masters Fenton Prewitt, Duke Truby, James McClamrock, Berkett Jordan, and Misses Dorothy McMeekin, Eddie Sue and Lucile Colson, Julia Edwards, Esther Jordan, Louise Mason and Margaret Layton. All these were in the class ages two to four years.

In the smaller babies' class, special mention should be given the handsome son of Mrs. F. T. McCormick, Master Ralford, the lovely little daughters of Mrs. Long and Mrs. Leighton, also Miss Margaret White, Baby Williamson, Master Julian Broome, Olin LeGrande, Richard Weaver, and others.

Delicious lemonade was served by Mrs. Jack Denby, and ice cream and cake was also served, which added greatly to the enjoyment of the afternoon.

The watch advertised as lost by Mrs. S. A. Ledbetter on the above occasion, has been found and returned to the owner. "It pays to advertise!"

### Cheap Rates Over A. C. L.

From Sunday's Daily Sun:

On account of the reunion of the Confederate soldiers at Ocala the A. C. L. railway have put on a cheap rate of 25 cents for the round trip to that place on next Tuesday and Wednesday, June 1 and 2.

### Engine Was Overturned.

From Sunday's Daily Sun:

One of the A. C. L. engines on the Newberry branch was overturned at Cadillac Saturday as a result of the switch spreading. No one was injured, but it tied up traffic on that line nearly all day.

## Senate Had Busy Session; Many Measures Passed

TALLAHASSEE, May 29.—With the passage of the Cone State uniformity of text-books bill, the Williams oyster bill and nineteen other measures and the killing of three, the Senate put in a busy day yesterday.

In the morning an effort to reconsider the vote by which the Governor's veto of the Johnson insurance bill was sustained, failed. A constitutional point was raised relative to such a reconsideration and was sustained.

The Senate spent a busy day and little time was taken up with debate, the most of the day being devoted to a hard grind.

When Senate Bill No. 330, by Mr. Cone providing for State uniformity of school text-books came up, Senator McCreary opposed the measure and presented telegrams from noted Southern educators against such a plan.

Senator Cone spoke for the bill for a few minutes.

The bill was passed 17 to 9.

Among the bills taken up on third reading were the following:

Senate Bill No. 167, by Humphries—Prohibiting sale, gift or disposal of liquor on Sunday. Lost 19 to 2. The bill was intended to strengthen present laws, but was killed by amendments while on second reading.

Senate Bill No. 174—Relating to labor of county convicts. Adopted, 22 to 8.

Senate Bill No. 5, by Sloan—Prohibiting drinking of liquors on passenger trains. Passed 22 to 3.

Senate Bill No. 43, by Sloan—Governing pardon applications. Passed, 22 to 2.

Senate Bill No. 225, by Hudson—To protect and promote fruit-growing and horticultural interests of the State, to exterminate crop pests. Passed, 25 to 1.

Senate Bill No. 231, by Humphries—Defining intoxicating liquors and beverages as those having one-half of one per cent of alcohol in them.

Senator Humphries, Senator Williams and others of the temperance people were opposed to the bill in its shape.

Senator Miller said it was a blow-hard bill and would only hurt the temperance cause.

The bill was laid on the table.

Senate Bill No. 256, by Cottrell—Relating to obstruction of country and settlement roads. Passed, 23 to 0.

Senate Bill No. 283, by Cone—Providing for a stay of execution in just-

ice of the peace or county judge's court. Passed, 28 to 0.

Senate Bill No. 262, by McMullen—Prohibiting combination on part of insurance companies as to agent's rate of commission. Passed, 23 to 3.

Senate Bill No. 176—Authorizing trustees of special tax school districts to issue bonds. Passed, 17 to 13.

Senate Bill No. 67, by Dayton—Authorizing special tax school districts to erect and improve school buildings and to issue bonds therefor. Passed, 17 to 14.

Senate Bill No. 241, by Cone—Relating to vagrants and tramps. Passed, 25 to 2.

Senate Bill No. 248, by McCreary—Requiring butchers of hogs and beeves to submit for inspection. Passed 22 to 2.

Senate Bill No. 228, by Williams—Relating to duties of section bosses relative to live stock killed. Passed.

Senate Bill No. 301, by Crill—To provide against evils resulting from traffic in certain narcotic drugs and to regulate the sale thereof. Passed, 21 to 5.

Senate Bill No. 221, by Humphries—Enabling any married woman who has or may become a free dealer to convey or mortgage separate property without the joinder of her husband. Passed.

Senate Bill No. 290, by Baker of Twentieth district—Relating to locality of action in a suit for partition of land. Passed.

Senate Bill No. 185, by Leggett—Requiring common carriers to furnish separate accommodations for the separation of white and colored passengers. Passed, 25 to 1.

Senate Bill No. 268, by Hudson—Regulating instruction of jury in jury trials. Passed, 23 to 6.

Senate Bill No. 300, by Crill—Relating to practice of pharmacy in Florida. Passed, 23 to 3.

Senate Bill No. 148, by Buckman—Relating to procedure of admission of attorneys to practice. Passed.

Senate Bill No. 178, by Williams—For protection and conservation of oyster resources of the State and creating office of State oyster commissioner. Passed, 20 to 2.

Senator Hosford moved reconsideration.

The rules were waived and the motion was put and lost.

Senate Bill No. 184, by West—Requiring sheriffs to file lists of names of their deputies with the boards of county commissioners. Passed, 18 to 3.

## Governor's Special Message on Abraham Lincoln

TALLAHASSEE, May 29.—Governor Gilchrist has sent the following special message to the Legislature:

"Gentlemen of the Legislature—My attention has been invited to that part of my biennial message in which I refer to George Washington, Robert E. Lee and Abraham Lincoln as the three greatest men who have been produced by our great nation."

"It is difficult for any one to decide who are these three men. I statement would have been more correct had I said that among these may be mentioned George Washington, Robert E. Lee and Abraham Lincoln."

"As the anniversaries of the birth-day of Washington and Lee have, by legislative enactment, been made holidays, I still would recommend that the anniversary of the birthday of Abraham Lincoln be made a holiday."

"I have the honor to be"

"Very respectfully,

"ALBERT W. GILCHRIST,

"Governor."

## OFFICIAL STATEMENT KILLING GEORGIA RY. STRIKE

ATLANTA, Ga., May 29.—The following statement has been issued with reference to a settlement of the strike on the Georgia Railroad:

"To the Public: An amicable adjustment of the differences between the Georgia Railroad and its employees

who have been on strike has been reached on a basis entirely satisfactory to both sides.

"The strike has been called off and complete train service is to be resumed immediately."

"MARTIN A. KNAPP,  
"CHAS. F. NEILL."

## Pensacola Liquor Man Arrested for Refilling Bottles

PENSACOLA, May 27.—N. Goldring, one of the most prominent and wealthy of the wholesale liquor dealers here, has been arrested on an indictment returned by the grand jury charging refilling of bottles, which are labelled "Bottled in Bond," and which state the contents to be 100 proof liquor. The indictment returned by the jury relates that on March 4, 1909, bottles were found in possession of Mr. Goldring, or in one of his places of business, which con-

tained liquor of only 92 proof, and that this is a violation of the pure food act. Goldring immediately upon arrest, gave bond in the sum of \$1,000, and his case was set for trial at the next term of the court. The arrest is the result of a trip made to Pensacola several months ago of two inspectors, who paid a visit to all saloons, and it was stated at the time that fully one-half of the saloons in the city were found with liquor in bottles which had been refilled. It is expected therefore that others will be indicted.

## Bill for Relief of Public Schools Passes Legislature

TALLAHASSEE, May 29.—One of the most important matters disposed of by the House yesterday was the passage of the Leggett bill appropriating \$166,700 for the relief of public schools affected by the Supreme Court decision of last fall. The bill has already passed the Senate and

now goes to the Governor for his signature.

Much of the afternoon was taken up with the discussion of the Farris child labor bill, which went to third reading, and the bill making an appropriation for the State Reform school at Marianna.

## Farm Wagons Form Provision Trains in Georgia

ATHENS, Ga., May 28.—Provision trains are running short at a number of places along the line of the Georgia Railroad as a result of the strike. One hundred and twenty-five farm wagons, loaded heavily with groceries and food stuffs, left Athens and Un-

derwood last night and even further. Some of the wagons made a trip of more than 500 miles to get these provisions.

## ECLIPSE OF SUN AND MOON NEAR AT HAND

THE MOON WILL BE HIDDEN ON  
JUNE THIRD.

This Will Be Followed by An Eclipse  
of the Sun on Thursday,  
June Seventeenth.

Astronomers are greatly interested in the coming total eclipse of the moon, which occurs on the evening of Thursday, June 3rd. The phenomena may be observed all over the continent if the sky is clear.

In this section the rise of the moon will be almost normal and the people may watch the shadow of the earth gradually steal over the lunar body. But further in the continent, probably on the other side of the Mississippi, the inhabitants will first see an odd-looking disc of a faint reddish color rise from the east.

When the moon rises here only a narrow portion of it will be observed. Gradually it will enter deeper and deeper into the earth's shadow until the moon gives no light and is only barely perceptible.

Not a Black Eclipse.

This year the moon does not enter into the heart of the earth's shadow, so there will not be a black eclipse. The moon, however, will be in the shadow of the earth for over an hour and practically the only light from the heavens will be that of the stars.

The reason why the moon will be invisible is the influence of the earth's atmosphere, which bends the sun's rays at the edge of illuminated hemispheres of our planet and throws on the moon a faint glow, generally of a red copper hue. It results from the absorption in our atmosphere of the green, blue and violet rays in the sun's light while the red rays pass through it. It is much the same as the sunset glow, though infinitely more faint.

As the phenomenon of the eclipse develops, the children will be able to see for themselves the truth of the statement they learned from their geographies.

Eclipse of the Sun.

An eclipse of the sun will be witnessed a fortnight later, on Thursday, June 17th, shortly before sunset. The only effect that it will have is to send the chickens to roost an hour or two earlier.

The lunar eclipse is precisely the same as that which saved the lives of Columbus and his party in the isle of Jamaica in the year 1504. The natives refused them food. Columbus, knowing that an eclipse was due, told them that God was angry because of their inhospitality, and would take away the light of the moon. The moment that the natives saw the light going, they rushed to their storehouses and brought out their choicest viands, supplicating the "white angels" to bring back their moon. Columbus handed it back in about an hour.

The earliest account of an eclipse was discovered in the tomb of a Chinese emperor. The date has been fixed by chronologists as January 29, 1136 B. C.

A Happy Father

Is soon turned to a sad one if he has to walk the floor every night with a crying baby. McGee's Baby Elixir will make the child well—soothe its nerves, induce healthy, normal slumber. Best for disordered bowels and sour stomach—all teething babies need it. Pleasant to take, sure, and safe, contains no harmful drugs. Price 25 and 50 cents per bottle. Sold by W. M. Johnson.

Account Orange Growers.

On account of the meeting of the Florida Orange Growers' Convention to be held at Tampa Tuesday, June 1st, the A. C. L. and S. A. L. railways are advertising rates for this occasion of one fare plus 25 cents. This will afford all who are interested an opportunity of attending and hearing the report of the committee who recently visited California to investigate the methods used by the people in the Western country.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by all druggists.

## WIND STORM PROVES SEVERE WEST OF CITY

PEACH ORCHARDS SUFFERED BY  
FALLEN FRUIT.

Telephone Lines Also Damaged, But  
Again Placed in Thorough  
Working Order.

The rain and wind storm of Wednesday proved disastrous to the peach growers located west of Gainesville, as in the section where the groves are located a large number of peaches were blown to the ground before maturity.

The Gainesville orchard, located only a few miles west of Gainesville, suffered a heavy loss in this manner, as it was noticed that the ground was pretty well covered with fruit that was yet unripened. This same condition also exists at Arno, Tioga and the other peach sections close to Newberry.

The telephone lines of the East Florida Company were also placed out of business temporarily, but they at once put a force of men at work and have again gotten them in order.

From nearly every section they have had some rain, but it has been in streaks and not general, and the cantaloupe growers feel that unless they receive rain within a short while the vines will burn completely up.

The rain close around Gainesville was also in streaks. It did not rain at all two miles west of town, and a large part of the cantaloupes are planted from two to six miles west of the city.

If you desire a clear complexion take Foley's Orino Laxative for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. J. W. McCollum & Co.

Judge Mason's Court.

The case of Jeff Simons, charged with killing a cow belonging to Dave Lewis and wife, was brought up for hearing Friday, but owing to the absence of material witnesses was postponed until next Thursday.

A. O. Steenburg and Ed Stokes sued out a writ of replevin for the recovery of some cross-ties from the A. C. L. railway, the company having purchased them from a negro who has been operating in the Paradise section.

Hoarseness, bronchitis and other throat troubles are quickly cured by Foley's Honey and Tar as it soothes and heals the inflamed throat and bronchial tubes and the most obstinate cough disappears. Insist upon having the genuine Foley's Honey and Tar. J. W. McCollum & Co.

## TEACHERS' SUMMER TRAINING SCHOOLS

TO BE CONDUCTED AT GAINESVILLE AND TALLAHASSEE.

Those Attending May Prepare for  
Any Grade of Certificate Authorized Under the Law.

The Teachers' Summer Training Schools, beginning on Monday, June 28th, 1909, and continuing for a term of six weeks, will be conducted at Gainesville and Tallahassee, for white teachers, and the Colored Normal School, at Tallahassee, for colored teachers.

These schools will be co-educational. Tuition will be free, and board can be had at a nominal figure.

The Legislature of 1909 did not make an appropriation for defraying the traveling expenses of teachers in attendance upon these schools, consequently, those who attend will have to pay their own transportation. However, an effort will be made by the State Superintendent of Public Instruction to secure a one-third fare for the return trip.

The instructors for the white schools, who are specialists in their respective lines, will be selected from among the principals of the Senior High Schools and the leading colleges and universities of the State.

The corps of instructors of the Colored Teachers' Summer Training School will be the best that can be had for the character of work to be done.

In addition to the professional training offered by each summer school, an opportunity will be given those in attendance to prepare for any grade of certificate authorized under the law. After the close of the term, beginning on Monday, August 9th, in Gainesville and Tallahassee, examinations will be given applicants for State, primary and special certificates.

For information concerning the school to be conducted at Gainesville, write Dr. A. A. Murphree, Principal, Tallahassee, Florida, or Major W. L. Floyd, Gainesville, Fla.

For information concerning the white school at Tallahassee, write Dr. Edward Conrad, Principal, Tallahassee, Florida.

For information concerning the colored school, write Prof. N. B. Young, Principal, Tallahassee, Florida.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all druggists.

Pleasant Outing.

There was a pleasant outing given by Mr. and Mrs. A. G. Colclough to a number of young people on Thursday night, the party taking in the famous Newnan's Lake on their drive.

A bountiful supply of cream, cake and fruit was served on the shores of this lake after a pleasant straw-ride to the "point" and altogether a pleasant evening was spent.

Among the ladies attending were Mrs. Colclough, Mrs. G. A. Beach, Mrs. S. A. Ledbetter, Misses Lena Colclough, Heloise Vidal, Nannie Dickinson, Lucile Roebuck and Mary Crawford.

Do it Now.

Now is the time to get rid of your rheumatism. You can do so by applying Chamberlain's Liniment. Nine cases out of ten are simply muscular rheumatism due to cold or damp, or chronic rheumatism, and yield to the vigorous application of this liniment. Try it. You are certain to be delighted with the quick relief which it affords. Sold by all druggists.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

## Women Suffer

much needless pain when they delay using Cardui for their female troubles. Cardui has been found to relieve headache, backache, pain in the side and dizziness arising from deranged organs. It does more than relieve,—if used persistently,—many have written to say that it cured them.

# TAKE CARDUI

## HAPPY WOMEN

Plenty of Them in Gainesville, and  
Good Reason for It.

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure? No reason why any Gainesville reader

Should suffer in the face of evidence like this:

Mrs. John Smith, 307 E. Magnolia street, Gainesville, Fla., says: "I suffered from a weak back and severe pains in my sides for a long time. I could not stoop without experiencing sharp twinges through my body and if I did so it was difficult to regain an erect position. I was also subject to headaches and at times was very nervous. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box and began their use. In a short time I felt much better. The pains lost their severeness and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

D. 1909, at 2 o'clock in the afternoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before the said meeting.

This the 24th day of May, A. D. 1909. THOS. W. FIELDING, Referee in Bankruptcy, Gainesville, Fla.

### Whooping Cough.

This is more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKeig of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by all druggists.

### Mr. Bunker Pleased.

A. E. Bunker, a retired farmer of Van Wert, Ohio, is among the visitors to the city and while here is the guest of M. J. Patterson. Mr. Bunker came to Florida for his health last winter and after trying the southern part of the State, finally drifted in this section and by mingling with the people and learning of the many advantages, he has about decided on making this place his home. Not only will he and his family locate here, but he will very probably be the means of bringing a number of other citizens from his section to this city, for he is already working to that end.

### Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill-feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all druggists.

## PLANTS ARE CLOSING IN MINING SECTION

ONLY A FEW OF LARGER COMPANIES OPERATING.

Rumored That Some of These Will  
Close for the Summer Months  
in Few Weeks.

It is stated that nearly all of the phosphate plants in the western part of the county are closing down for the summer.

In speaking with one of the extensive merchants from that section yesterday the reporter was informed that there were now only three concerns operating in the mining district—the Dutton, Mutual and Cummers—and that over half of the plants had been shut down for the summer.

This is the same condition that is now facing Dunnellon and several plants there have been closed for the past several weeks, which necessarily takes a large amount of money out of the channels of trade.

The plants that are now running, or some of them, have contracts and will be kept busy all during the year, but in most cases operations will be curtailed to a considerable extent.

### THE NEWS FROM ARCHER.

Sunday School Picnic to Worthington Springs June 10th.

ARCHER, May 27.—Archer will have a Sunday school picnic at Worthington Springs on June 10th. Morriston, Montbrook, Williston and Meredith are all invited to go with us. Come one, come all, and bring your baskets.

C. Sharpey and daughter of Rosewood were shopping here yesterday.

Mrs. J. H. Butler and two interesting little boys of Hernando are visiting Mrs. Butler's daughter, Mrs. G. R. Leynes, at their beautiful home in South Archer.

Mrs. A. K. Wilson and children of Fort Pierce are the guests of her brother, Ed Stewart.

Miss Zella Harvey of Williston has been the guest of her cousin, Miss Pauline Curl, for a few days. Miss Pauline left Monday morning for an extended visit to her relatives in Indiana.

J. B. Dale, the efficient foreman of the Maddox Foundry and Maching Co., was in Gainesville yesterday on business.

Dr. Leslie Fisher of North Carolina, who has been visiting relatives at Otter Creek for the past two weeks, was in our city yesterday. He expects to locate here immediately and no doubt will have a good practice as he comes well recommended.

Mrs. W. L. Jackson visited Gainesville yesterday.

Mrs. Kramer of Waldo, wife of our popular S. A. L. conductor, has been here on a visit to her husband and Mrs. Thomas.

Miss Reeves of High Springs spent a few days last week very pleasantly as the guest of Mr. and Mrs. McNair.

Miss Mary Frei and Miss Lillian Reid, two of Archer's charming young ladies, visited Gainesville yesterday.

Mrs. Winecoff and son, Fleming, left Sunday morning for their home in Atlanta after a very pleasant visit to Mrs. W. L. Jackson and her mother, Mrs. Marion Smith.

Mrs. Morgan of Meredith was in town yesterday.

C. W. Bauknight, one of our prominent citizens, visited Gainesville yesterday.

Fred Frei, who has been attending the University at Gainesville, returned home last evening to spend his vacation with his parents.

Mrs. H. Maddox visited her parents, Mr. and Mrs. W. J. Groves, at Morriston last evening. Mrs. Maddox wishes to state that she was the writer of the article which appeared in The Times-Union of the 16th., and The Gainesville Sun, relating to her automobile journey to Newberry.

Mr. and Mrs. R. T. Heagy returned Monday morning from Cedar Key. They have been visiting relatives at that place and were greatly benefited by their short outing.

If you want to feel well, look well and be well, take Foley's Kidney Remedy. It tones up the kidneys and bladder, purifies the blood and restores health and strength. Pleasant to take and contains no harmful drugs. Why not commence today? J. W. McCollum & Co.

The best "trust buster" is the farmer who produces ample food stuffs for home consumption and cotton as a surplus or money crop.

The fellow who had his toes cut off and still suffered pain in them must have had ptomaine poisoning, or some dreadful thing of the kind.—Pensacola Journal.

It is far better to help a man when he is falling than to wait until he is down. It does not cost him so much in effort, courage or anxiety to regain his place in the world.

The emptier the vessel the more does it sound and resound, and it is much the same in human life. It is the man devoid of common sense and understanding that makes the most noise.

The first car of cantaloupes to be loaded in Gainesville went forward Friday. This is about ten days earlier than last season, and fancy prices are anticipated. From present indications the season will be short.

The Board of Control has conferred honor upon Samuel M. Tucker, P. D., professor of English at the State College for Women at Tallahassee, by making him dean of the faculty of the college of liberal arts.

A Baltimore man has erected a statue to Adam. We are glad to say that the father of mankind is not represented as standing in a heroic attitude with his right hand thrust between the first and second buttons of his Prince Albert.

How much is a man worth is usually answered in dollars and cents, but that gives no real idea of a man's value. A man is worth just so much as he makes himself by his character and by the value of the things in which he concerns himself.

Some men enjoy work as work, but there are still more who enjoy standing by to see them do it. Let two or three men be engaged in lifting a heavy safe or beam and a whole crowd will stand without minding it in a hot sun or cold, drizzling rain for an hour to watch the proceeding.

Auto scout cars are now touring almost the entire eastern section of the country as a result of the efforts of several prominent daily papers to bring about increased interest in building good roads. The auto is proving a great factor in the good roads question as people who want autos also want better highways.

The Times-Union offers this timely advice: "If your boy expects to celebrate the Glorious Fourth advise him to go fishing. Better to drown than be blown up, because when he goes down you may recover him in good shape, but after he has gone up he may return rather dilapidated. The only wise plan is to padlock the boy to the dining-table for twenty-four hours and let others celebrate."

## THE A. C. L. DEPOT MATTER.

If the City Council will agree to the plans, it will be only a short time before the improvements which have been urged by The Sun from time to time will be made upon the Atlantic Coast Line passenger station in this city. No one will deny that the accommodations are entirely inadequate and we trust that matters will be so arranged that work will begin on the alterations without further delay.

The following order has been made by the Florida Railroad Commission:

"Order No. 274—Before the Railroad Commissioners of the State of Florida—in the matter of passenger depot facilities of the Atlantic Coast Line Railroad Company at Gainesville, Florida, a station on its line.

"This matter came on for hearing at Gainesville, Florida, on January 22, 1908, after due notice, dated January 9, 1908, to the Atlantic Coast Line Railroad Company, at which hearing the said railroad company appeared by Mr. Morton Riddle, its general superintendent, and a large number of citizens of Gainesville also appeared, and the parties were heard; and the said Atlantic Coast Line railroad submitted a blue print or plan of the proposed changes in the depot aforesaid, and the matter was taken under advisement, and has been delayed because the Atlantic Coast Line Railroad Company has asked for time to procure the requisite assent of the City Council of Gainesville to certain features on said plan, but have not yet obtained the same, and it appears that the making of an order ought not to be longer delayed.

"Now Therefore we, the Railroad Commissioners of the State of Florida, being advised in the premises, do find that the accommodations for the public at the depot of the Atlantic Coast Line Railroad Company are insufficient and uncomfortable, and that additions and changes ought to be made thereto and therein. And we do order that the said railroad company shall add to, change and alter its said depot at Gainesville in accordance with the blue print or plan made by J. E. Simms under date of January 20, 1908, and submitted by the railroad company as aforesaid, which includes the canopy shown on said blue print or plan, but it is expressly directed that the front entrance to the depot be made with separate doors so that whites and blacks may enter the respective ticket departments and thence into the respective waiting rooms without intermingling with each other.

"It is further ordered that work on the same shall begin within thirty days after the City Council of the City of Gainesville shall grant to the said railroad company the right and privilege to erect on and over the street in front of the depot the canopy shown on said plan or blue print, and shall be completed within two months after the date of the said grant of privilege.

"Ordered in open session at our office in the City of Tallahassee this 26th day of May, A. D. 1909.

"R. HUDSON BURR, Chairman.  
"Attest: S. E. COBB, Secretary."

## A GOOD BILL PASSED.

The House of Representatives did the right thing on Tuesday when it passed the Duke bill. Mr. Carn honestly thought he had a better measure, and was a good fighter for that. He had a number of followers who believed as he did about this book legislation. If the Duke bill passes the Senate, we believe such a good school man as Mr. Carn will say, if he returns two years hence, that he unwittingly opposed a good law. Mr. Carn, not wishing to delay legislation, yesterday very promptly withdrew his motion to reconsider.

And now as to the Senate. The intelligent gentlemen who sit in the upper branch, and who watch for what is termed bad legislation, will find nothing to condemn in the Duke bill, which is similar to that of Senator McCreary, except that the Senate put a slight amendment to the latter's bill.

Whether he has succeeded or lost, Mr. Carn, as well as others who are looking out for the best interests of the State, deserves the thanks of the people in the effort they have made to give the people relief from the high prices heretofore paid to the book companies, who have been levying a contribution on Florida for years.—Tallahassee News, 27th.

## THERE IS BUT ONE SENSIBLE THING TO DO.

The Pensacola Journal has repeatedly referred to the duty of the present Legislature to reapportion the representation of that body, and in its issue of the 25th says:

"Here is the way the case stands: The constitution of Florida says there shall be no more than one hundred members of the Legislature in House and Senate combined. It permits a newly created county, however, to increase this number by one representative until the next apportionment.

"The same instrument provided that a new apportionment should be made in 1897 and every ten years thereafter. The constitution was ignored and no reapportionment was made in 1897.

"In 1905 the county of St. Lucie was created. This made the total number of representatives in the Legislature of 1907 one hundred and one. This Legislature should have provided for a reapportionment, as directed by the constitution. It did not do so. Therefore, either equitably or technically can the Legislature of 1909 be regarded as a constitutional body?

"The last named Legislature has, so far, refused to reapportion representation. On top of this it has added another county and threatens to create one or two more and thus illegally increase to a still greater extent the number of representatives. Will any man with a level head say it has the right to do this?

"The Journal admits that it is impossible to reapportion representation on any sort of a rational basis under present constitutional limitations; but a constitution must either be obeyed or else amended. The whole matter is in a muddle. The basic law of Florida is being violated.

"There is no way to rectify the trouble except by calling a convention to revise this law. If the Legislature neglects to do this it may cause the State and the people of the State no end of confusion and distress."

As was expected, the Jacksonville charter bill was introduced in the Legislature at its busiest period, and the fight which ensued has taken considerable time that could have been devoted to measures of greater importance to the State at large. The only way to obviate this in future is to allow the municipalities to settle charter amendments themselves, as recommended in the message of Governor Gilchrist to the Legislature.

It is only a dreamer who expects that the wealth of a nation will be or can be so distributed that everyone will have an equal share. But it is a wise man and no dreamer who aims to do away with conditions that favor special interests and which in so doing work injustice to the people.

The farmer whose corn cribs are filled from his own fields and in whose smoke-house hangs a supply of home-raised bacon, may snap his finger in the face of the Northern speculator and sell or hold his cotton as he pleases.

Some people suffer more from imaginable troubles than real ones. They always worry about the future and conjure up difficulties that do not exist. Because of this their life is robbed of more than half its joy and blessing.

One way to promote health is for every householder to appoint himself or herself an inspector and then give the premises a thorough inspection, closely followed by a thorough cleaning.

The prosperous West teaches, or should teach, the Southern farmer that it is more profitable to raise food stuffs to sell than it is to buy them.

## DEATH OF MRS. FRENCH.

Former Gainesvillian Died While En Route to This City.

From Saturday's Daily Sun:

Telegraphic information was received in this city Friday of the sudden death of Mrs. L. French, which occurred at a hospital in Washington while she was en route to her home here.

She had been away visiting relatives and friends in Rochester, N. Y., for the past few weeks and was returning to this city when attacked with illness which caused her death. Marshal Arnow was communicated with by the hospital authorities and he in turn notified Major Thomas, who has telegraphed her sons regarding what disposition should be made of the body.

She was taken from the train in a very weak condition, and having no funds, the authorities there only knew her by the name on her ticket.

Deceased had been a very ardent worker for the temperance cause in this and other cities of Florida, but it was here that she had gained loyal friends who supplied her every need and assisted in her good work.

## DR. GRAHAM HONORED.

Gainesville Boy Won First Honors in Large Baltimore Class.

Friends of Allen Graham of this city, son of Captain James M. Graham, will be delighted to learn that this young man has graduated with great honor at the Baltimore Medical College, having received the highest honors in the examinations, and received the first honor medal. Among a long list, The Baltimore Sun gives Dr. Graham special mention, which is gratifying to all who know him.

Dr. Graham, who is a young man of exceptional integrity and character, has studied hard during his term at this famous college, and is rewarded as he deserves. He will now go to St. Joseph's Hospital, Baltimore, where he will undergo a special course in surgery.

## Approaching Marriage.

Invitations have been issued announcing the approaching marriage of Mr. James C. Phillips and Miss Ida Knight, which happy event will occur at the home of Mr. and Mrs. B. B. Smith, Fort Meade, Fla., on June 2nd.

Friends of the contracting parties in Alachua county extend congratulations in advance.

## Death of H. C. Roth, Sr.

H. C. Roth of North Gainesville received the sad information Saturday of the death of his father, H. C. Roth, Sr., which occurred at his home in Gettysburg, Pa. Mr. Roth left on the afternoon train for that place and will be absent for the next few days attending the funeral and settling the business affairs.

## Arrested at Bell.

Deputy Sheriff J. H. Parish arrived in the city Saturday, having in custody Dave Parrish, colored, who is wanted in Marion county, and who will be held here awaiting the arrival of authorities from Ocala.

Fancy Georgia and Florida Sea Island cotton was quoted in the Savannah market on Friday at from 21 to 22 cents. Crop accounts continue favorable from the Southwest Georgia counties, but in the eastern counties the crop is backward and small. In Florida the crop appears to be doing well.

## SCHOOL CLOSES ITS THIRTY-FIFTH YEAR

ALL MEMBERS BOARD OF VISITORS PRESENT AT EXERCISES.

Medals Awarded to Three of the Young Lady Students for Their Faithful Work.

The thirty-fifth year of Miss Tebeau's School closed Friday, May 28th, with appropriate exercises.

The school was made happy by the presence of the entire board of visitors, appointed by the Diocesan Council, and the many patrons, who expressed pleasure at the advancement of the pupils, and the latter were especially delighted when the Bishop complimented them on their distinct speaking, and correct pronunciation of English.

Three medals, three birthday rings and many beautiful books were awarded to those pupils coming up to the standard required by the school. These were presented by Bishop Weed in his own happy way, and his words were, to the recipients, as pleasing as the gifts.

Following are the names of the students receiving prizes: Juanita Davis, gold medal; Irene Long, gold medal; Emily Davis, gold medal.

Birthday rings were awarded to Mary Cannon, Kate Clayatt and Kate Daughtry.

Books to Dorothy Smith, Annie McKinstry, Hobson Cone, Harry Merchant, Polly Daughtry, Carmen Fernandez, Emma L. Hudson, Martha Tison, Katherine Haile and Ludie Flewellyn.

The pupils named below stand above the average: A. J. Cone, George Merchant, B. Tousey, L. Medlin, Frank Fernandez, William Simpson, Louise DePass, Dorothy McDowell, Jessie Chesnut, Josephine Brooks, Nettie Higdon and Maloy Davis.

For the many notices, kind words, and deeds, the school here desires to express hearty thanks to the Hon. H. H. McCreary, proprietor of The Daily and Weekly Sun.

## GETTING READY FOR STATE ENCAMPMENT

CAPTAIN BLANDING NOW DRILLING HIS MEN FOR TRIP.

From Sunday's Daily Sun:

Capt. J. W. Blanding of the Gainesville Guards is now working his men preparatory for the annual State encampment, which will be held in June, commencing about the 10th.

Notwithstanding the warm nights, he has his men out regularly for practice and the coming week he anticipates having a number of extra meetings to better prepare them for the work they will have to perform. Capt. Blanding wants to take an extra strong aggregation to this encampment and believes that he will be successful.

Besides the large number of men that will go from Gainesville, there will be equally as many from Micanopy, which will give the company the full number allowed for this event.

Gainesville has always manifested great pride in her military boys and she has always been well repaid by the manner in which they have advertised the city and carried honors that would have gone elsewhere, and the organization still deserves high credit, as the men are well-drilled and will hold their own in any contest they may enter with the State troops.

Talk for the Guards and thus assist a worthy organization who are sacrificing a great deal of time for the good of the city.

If you have found anything see if it is advertised in the Want column.

## MISS ADDIE GOODE AGAIN IN THE LEAD

HAS MAJORITY OF OVER TWENTY-TWO THOUSAND.

Tremendous Gains Made by Candidates in the Great Co-Operative Contest.

Tremendous gains all along the line was the result of the official count in the great Co-Operative Contest Saturday.

Miss Addie Goode leads Miss Evans by over 22,000, and by far the largest vote ever polled in the present contest was recorded, many candidates receiving very large numbers.

The Sun has made arrangements and will publish the photographs of all candidates that send in as many as a club of ten subscribers to the semi-weekly edition, or its equivalent to the daily, and as a number are already entitled to this, we are glad to announce that their photographs will be printed within the next few days. In this way, the people will have some idea as to who they are casting their votes for and it will be a good vote-getter for the many young ladies now in the race.

Remember, that by special arrangement with the A. R. Harper Piano Company, all contestants will get a certificate good for \$25 on any instrument handled by them, besides there will be fifteen certificates issued good for \$100 that will be given the first five young ladies following the leader in the three sections.

Get busy and get to work, for you are sure of receiving something for your services and at the same time it will prove interesting for the others that are in the race.

Following is the standing of the candidates as a result of the count Saturday:

## ASSOCIATION WILL CLOSE SESSION TODAY

MEETING WAS HIGHLY BENEFICIAL TO ALL PRESENT.

Much Good Results and Shows That Organization, With the Church, Is Working.

From Sunday's Daily Sun:

The second day's session of the Santa Fe Baptist Association was held Saturday at the First Baptist church, besides quite a number of delegates.

Churches in the district are represented as follows: Campville, John Parker, N. C. McRoy; Eden, J. M. Nobles; Hampton, S. M. Rowe, B. F. Green; Hawthorn, S. M. Riles, Miss C. Sherman, Mrs. S. Townsend; La-Crosse, W. D. Vinzant; Ochwill, J. N. Devenau; Rochelle, J. P. Rollins, Miss Eva Rollins; Waldo, B. F. Green, J. J. Hicks, G. M. DeSha, Mrs. Maude Johns. Other delegates are expected before the close of the meeting today.

The morning session was devoted principally to the discussion of "Child Training in Missions" and the Y. M. C. A. and its connection with the church, closing with a sermon from Rev. P. M. Jones at 11 o'clock.

The committee assigned to the various organizations of the Baptist Church made their reports in the afternoon, which were highly satisfactory, and the night session closed with a sermon by Rev. J. P. Devenau.

The meeting will close today and the final sermon will be preached by Rev. J. E. Bernard, which will also be given as a memorial service to the G. A. R.

## VOTE ON INCOME TAX IS SET FOR JUNE 10

SENATOR BAILEY URGED AN IMMEDIATE VOTE.

Calls Newspaper Man Who Accused Him of Assisting Senator Aldrich an Infamous Liar.

WASHINGTON, May 28.—Mr. Bailey of Texas yesterday offered in the Senate his income tax amendment to the tariff bill, and it was read, much to the amusement of the Senate, for it was realized that the Republican leaders had no intention of permitting a vote at this time. Mr. Aldrich moved that consideration of the Bailey amendment be postponed until June 10. This motion provoked Mr. Bailey to take the floor.

The Senator from Rhode Island, Mr. Bailey said, had at times shown some impatience for a vote upon his tariff bill, and yet, he added, he is not willing to vote upon the most important amendment that will be offered to the bill. The orderly manner of considering this measure, said Mr. Bailey, would be to first dispose of this amendment, because the adoption of an income tax would permit cutting down the amount to be raised from custom duties by \$80,000,000, which might be raised upon incomes.

Mr. Bailey said that he knew the sooner he could obtain a vote on the income tax the larger vote he could get for its passage. Reading an article in a New York newspaper, stating that he had introduced his income tax amendment with the purpose of defeating an inheritance tax, and assisting Senator Aldrich, Mr. Bailey declared the writer of the article to be an "infamous liar," and proceeded with an elaborate explanation of circumstances connected with his interest in an income tax. This particular incident, he declared, was but a part of a deliberate attempt on the part of some people to misrepresent the entire Democracy.

Taking exception to a remark by Mr. Bailey, Senator Cummins asked whether he proposed to challenge the sincerity of the progressives who favored an income tax.

"I did not challenge the sincerity of the Senator," replied Mr. Bailey, "but I did challenge his wisdom."

Mr. Cummins having expressed the opinion that the income tax proposition could probably be taken up when the tariff schedules were disposed of, in accordance with Mr. Aldrich's proposition, Mr. Bailey remarked that "if the Senator from Iowa purposes making an alliance on the income tax vote with the Senator from Rhode Island, he will find himself wiser afterwards than he was before."

Mr. Cummins' retort was sharp and quick.

"I have," he said, "not voted with the Senator from Rhode Island as often as has the Senator from Texas."

"The Senator from Rhode Island has been right twice during this session," responded Mr. Bailey, "and I have voted with him twice. The Senator from Iowa cannot make as good a showing."

## THE FIRST TRAIN TO RUN IN FIVE DAYS

PARTIAL RESUMPTION OF SERVICE OVER GEORGIA ROAD.

But Outbreak in Small Towns from Strike Sympathizers Is Now Feared.

ATLANTA, Ga., May 28.—Carrying a negro fireman, the first train of any sort to run over the Georgia Railroad in more than five days, an engine and mail car, left here at 7:30 o'clock this morning. The train pulled out through a deep lane of spectators at the station, but there was no demonstration.

The partial resumption of the train service, although the train put into operation carries the mail only, gives a new ray of hope for an early termination of the firemen's strike.

The date of a resumption of freight and passenger traffic is problematical, being dependent upon the concessions from both firemen and railroad company.

The announcement from Augusta last night to the effect that of the twelve firemen designated to handle the mail trains today ten were negroes and two non-union white men did not meet with general approval here, since the striking white firemen had volunteered their services to aid in the movement of the mail trains. It is feared the presence on the trains of negro firemen will further incite the sympathizers of those in the smaller towns along the Georgia Railroad. The authorities at all towns along the road have been asked to exhaust every effort to insure the safety of the trains. Postoffice inspectors were ordered to accompany each of the trains for the purpose of "making observations."

The engineers upon all trains were regular men who stopped work on last Saturday. The train stopped at Decatur, the first town east of Atlanta, where newspaper men who had started to make the trip were put off. It was decided that they were passengers, and the road had no right to carry passengers.

### Train Leaves Augusta.

AUGUSTA, Ga., March 28.—With the regular crew, including the negro fireman, the first train over the Georgia Railroad since Saturday left Augusta at 7:45 o'clock this morning. The train consisted of mail cars only and manned by negro mail clerks. No unusual demonstration marked the departure of the train.

### CONCLUSION OF BIG CIVIL SUIT.

Messrs. Ray and Clark Won Suit Against Dutton Phosphate Co.

The civil suit of Messrs. Ray and Clark of Martel against the Dutton Phosphate Company of Gainesville, after a tedious trial of five days, was decided by the jury before whom it was tried, in favor of the complainants. The verdict was for \$12,000, and interest for several years, which will make the verdict approximately \$15,000.

It seemed that Messrs. Ray and Clark leased a certain number of acres of land to the late firm of Ford & Hiller, which they were to prospect and mine. Ford & Hiller sold the lease to the Dutton Phosphate Company and the complainants alleged failure to carry out the terms of the contract, in that they ceased to mine rock for two years, when the lease was terminated upon notice of the complainants. They claimed a royalty of unmined rock of \$5,000 a year for the two years the mines were allowed to remain idle. The defense claimed that the mines had been exhausted, or at least that they had mined down to the then existing water level, and in so doing had carried out the terms of the contract.

Messrs. Anderson and Anderson and Hampton represented the complainants and Messrs. Hocker and Duval of Ocala and Mr. John C. Cooper of Jacksonville represented the defendants.

The lawyers are said to have made very able and forceful arguments, close and profound reasoning and the court delivered a very lucid charge.

Notice was given for a new trial, and in default of which the case will be appealed.—Ocala Banner.

## JOE HODGE IS AGAIN PLACED BEHIND BARS

ARRESTED FOR STEALING CHICKENS, GIVEN THREE MONTHS.

He Was One of Those Out on Bond and Charged With Passing Counterfeit Money.

From Sunday's Daily Sun:

Joe Hodge, the young white man of Newberry who was only recently released on bond, has again "broken" into jail, this time the offense being that of chicken-stealing.

Hodge, along with others, is charged with having made and passed counterfeit money, but owing to no regular term of U. S. Court at the regular time, they were given bond and allowed their freedom until the next session of court.

For some weeks past the people of Newberry have been missing their chickens and Deputy Sheriff Wynne was put to watch, with the result that he landed Hodge and a little negro boy by the name of "Scrap" Moses for the theft of the fowls.

They were arraigned before Justice Ira J. Carter at Newberry and given three months each upon the charge of stealing chickens, and the bondsmen for Hodge have also declined to remain on his bond longer, which means that after serving his time for this offense he will be brought back here to await the action of the U. S. Court.

## PINELLAS COUNTY BILL KILLED BY THE SENATE

Vote on Proposition Stood 23 to 3---Many Bills Passed---Jacksonville Charter Bill.

TALLAHASSEE, May 28.—After a little preliminary work, the Senate yesterday skipped over many of the bills on second reading and took up bills on third for the first time in ten days. Eighteen bills were then passed and ten killed.

The Sloan anti-horse race betting bill was passed, but will hardly pass the House.

An especially important bill passed to third reading was the Sams bill which prohibits the admission to the public schools of the State of children affected with pulmonary tuberculosis.

### On Third Reading.

The Senate considered the following bills on third reading:

Senate Bill No. 95, by Williams—Relating to liability of railroad companies. Lost, 15 to 12.

Senate Bill No. 129, by Dayton—Relative to size of seine meshes. Adopted.

Senate Bill No. 76, by Sams—To provide for service by publication upon non-resident parties in interest in property involved in suits for specific performance of contracts to convey and for decrees and other proceedings after such service. Adopted.

Senate Bill No. 98, by Hudson—Relating to lien of assessment. Adopted.

Senate Bill No. 181, by Hosford—Appropriating \$1,000 annually to assist in publishing proceedings of the Florida State Horticultural Society and the free distribution thereof to citizens of the State. Adopted 13 to 8.

Senate Bill No. 156, by Buckman—Relating to the sale of personal property pledged or deposited as collateral security. Adopted.

Senate Bill No. 123, by Baker of the Twentieth—Relating to State certificates. Adopted 25 to 2.

Senate Bill No. 103, by Humphries—Relating to life certificates. Adopted.

Adjournment was then taken.

### Afternoon Session.

Twenty-two members were present when the Senate was called to order at 3 o'clock.

Senate Bill No. 103, by Humphries—Relating to life certificates. Lost, 7 to 16.

Senate Bill No. 7, by Sloan—Requiring detailed reports from certain State officials and departments. Passed.

Senate Bill No. 164, by Dayton—Protecting food fishes in the rivers, creeks and bayous of the State. Passed.

Senate Bill No. 177, by Baker of the Twentieth—Placing telegraph companies under jurisdiction of the Railroad Commission. Passed, 16 to 9.

Senate Bill No. 39, by McMullen—Legalizing and confirming all grants, licenses and permits made by county

commissioners. Lost.

Senate Bill No. 94, by Sloan—Anti-race track betting. Passed, 20 to 5.

Senate Bill No. 129, by Williams—Regulating payment of claims for lost or damaged freight. Passed, 29 to 1.

Senate Bill No. 94, committee substitute—Regulating killing of wild ducks. Passed, 28 to 1.

Senate Bill No. 110, by Williams—Regulating the killing and butchering of cattle. Lost, 5 to 20.

Senate Bill No. 140, by Buckman—In aid and furtherance of the objects of the Florida Horticultural Society. Passed, 25 to 4.

Senate Bill No. 58, by Dayton, committee substitute in reactions brought for death caused by negligence. Passed, 25 to 1.

Joint resolution No. 171, by Cook—Proposing constitutional amendment relating to certain court trials. Passed.

Senate Bill No. 273, by Beard—Proposing constitutional amendment removing Attorney-General from the Board of Pardons. Passed.

Senate Bill No. 502, by Buckman—Defining what shall constitute due diligence on the part of a bank in the collection of checks or other negotiable instruments and fixing the liability of all concerned. Passed, 24 to 4.

Senate Bill No. 166, by Humphries—For parole of State prisoners. Passed, 25 to 2.

Adjournment was then taken until 8 o'clock in the evening.

### Night Session.

By a vote of 23 to 3 the Senate killed the bill proposing the creation of Pinellas county from the western portion of Hillsborough.

Senator McMullen of the Eleventh district, Hillsborough, waived Senatorial courtesy, and allowed the bill to be treated wholly upon its merits.

Senator Buckman of Jacksonville and other prominent members, in explaining their votes, stated they had always voted on a local measure according to the wishes of a colleague, and Mr. McMullen did not support the bill, but was courteous enough to allow the bill to stand on its merits, they would vote with the Senator from Hillsborough. They therefore voted against the bill.

### THE HOUSE.

The bill providing for a change of the form of government of Jacksonville was not passed, as expected in the House yesterday, it being discovered by opponents of the measure that the motion by Mr. MacWilliams of St. Johns, at the session the night before, that the rules be waived and the bill be passed to third reading and made a special order for 10 o'clock yesterday morning had lacked two votes of a necessary two-thirds majority in order to carry.

The journal failed to show that the rules were waived in order to place

the bill on third reading, and by this means, the error was detected.

Some, however, contend that Mr. MacWilliams failed to include in his motion the request to waive the rules.

After a brief discussion of the question, a motion was made to waive the rules and pass the bill to third reading.

Vote on this motion stood 37 ayes and 23 nays, the motion losing by the close margin of 3 votes, 40 being the necessary two-thirds.

This determined the position of the bill, which went, upon motion, to the engrossing committee and will likely come up in regular order tonight, when local bills will be taken up.

Sentiment in favor of the bill is growing rapidly in the House and it is confidently believed the bill will go through this branch of the Legislature by a large majority, as well as the Senate, where the opposition are counting their forces as the stronger.

The militia bill making it possible to form the organization of State troops to that of the regular army in order to comply with an act of Congress of January, 1908, which allows two years in which to comply, passed the House by an overwhelming majority. The bill will be immediately certified to the Senate, where it is on second reading and subject to call.

It is absolutely necessary that this important bill pass at this session. Should it not be passed the State will forfeit its rights to the Federal appropriation, which the State practically depends upon for the maintenance of its troops.

There will be no Sunday baseball for Jacksonville fans, that section of a bill passed tonight granting certain powers to the municipality of South Jacksonville to have or prohibit baseball games on Sunday having been stricken out.

After one hundred and ninety-nine amendments had been offered and one hundred and forty-two of these adopted, the House arose from several days in committee of the whole on the general revenue bill and the bill went to third reading.

Little else has occupied the time of the House for several days with the exception of the long session over the Jacksonville charter bill.

## MICANOPY CITIZENS

### HAPPY OVER RESULT

MELTON RETURNS WITH NEWS OF SUCCESS OF THEIR PLAN.

Coast Line Will Now Be Permitted to Change Its Line from Here South.

### From Saturday's Daily Sun:

The citizens of Micanopy have just cause to feel proud over the success of the committee they sent to Tallahassee in reference to the proposed change of the A. C. L. railway.

The bill, which has passed both branches of the Legislature, allows the railroad company the privilege of taking up their track between Micanopy and Rochelle, also between the Junction and Evinston, and the branch Tacoma line, in all a great many miles of track, and building in its place a track across the prairie to run through Micanopy and again intersect the main line at Evinston.

This will shorten the route about five miles, while it will also give them a better field to work from, for all along the line of the proposed new route the finest of hammock and prairie lands are to be found.

Mr. Melton, who was a member of the committee to Tallahassee, stated Friday that the bill is now ready for the signature of Governor Gilchrist and that both Drs. Montgomery and Watkins were in Tallahassee and would remain over for a few days longer to urge him to sign the measure at once.

## Young Man of Raleigh Met Death in Saw Mill

RALEIGH, Fla., May 27.—Rayford Sapp, aged 26 years, son of Mr. and Mrs. B. E. Sapp of this vicinity, was killed at Roosevelt, Louisiana, on the 17th of May, and his body was received here on the 23rd.

About five weeks ago, young Sapp had obtained employment at Roosevelt in a large lumber mill as fireman, and on the 17th of May in some mysterious way his right foot was caught in a small pulley and his entire limb was torn off near the hip, and in this condition he lingered for four hours, when death intervened.

His people here were at once notified by wire, and his body was expressed to Raleigh, arriving on the 23rd.

Rayford Sapp was an exemplary

young man, a skillful mechanic, and at the time of the unfortunate occurrence his young wife, with a five-months-old sweet little boy, were preparing to join him in his new home.

His wife, nee Miss Vernon, of Carabelle, Fla., and Mrs. Vernon, with a large number of relatives and friends, met the casket on arrival and rendered every assistance to the stricken family.

To Mr. and Mrs. B. E. Sapp the news fell with crushing effect. The entire community extend deepest sympathy to the bereaved.

The body was laid away at Jonesville, Alachua county.

## DIRECTOR NORTH TENDERS HIS RESIGNATION

PRESIDENT ACCEPTS AND APPOINTS DURAND.

Resignation Was the Outcome of a Disagreement Between Director North and Secretary Nagel.

WASHINGTON, May 27.—S. N. D. North, director of the census, has tendered his resignation to President Taft and it was accepted yesterday. His resignation is a direct result of his recent controversy with Secretary of Commerce and Labor Nagel.

The following statement in connection with the case was given out at the White House:

"Director North tendered his resignation as director of the census. It was accepted and the name of Mr. E. Dana Durand, now deputy commissioner of corporations, has been sent into the Senate to succeed him. Mr. North's resignation was based on the ground that on account of conditions existing and likely to continue, his administration of the census office would not probably be successful.

It has been supposed up to within the last few days that the controversy between Secretary Nagel and Director North had been amicably adjusted. The friction between the two continued, however, and at last Secretary Nagel put the matter squarely up to President Taft, saying that either he or Mr. North would have to leave the service, as existing conditions between them were impossible.

Director North held to the belief that the census bureau was an independent institution and that he was responsible only to the President. A congressional enactment put the Census Bureau under the Department of Commerce and Labor, however, and Secretary Nagel felt that in spite of the great powers conferred by Congress upon the Director, that official should be subordinate to the cabinet officer in charge of the department. It was because of this friction that Director North finally was forced to step out.

## LORIMER ELECTED TO SENATE FROM ILLINOIS

SPRINGFIELD, Ill., May 27.—Congressman William Lorimer of Chicago is the junior United States Senator from Illinois. He was elected on the ninety-fifth ballot in the assembly yesterday by a coalition of fifty-three Democrats and fifty-five Republican votes, to fill the vacancy from Illinois, which has existed in the Senate since the term of Albert J. Hopkins, Republican primary candidate for re-election, expired on March 4.

With votes to spare, the representatives from the Sixth district of Illinois broke the Senatorial deadlock which has existed in the Forty-sixth general assembly of Illinois since last January.

## HUMPHREYS KILLS HIMSELF.

Was Accused of Participation in Express Robbery.

AUGUSTA, Ga., May 27.—George P. Humphreys, white, baggagemaster on the Southern Railway, who was on the train on the night of the recent sensational express robbery, cut his throat on the streets here last night and died shortly after midnight. Pinkertons searched his home Sunday. In a note to his wife he denied participation in the robbery and said that he would kill himself to save her and their two babies the disgrace of his arrest. When the woman saw the note she alarmed the man's brother. The brother went in search of Humphreys and under an electric light a square ahead saw him slash his throat with a razor.

## LEGISLATIVE MEASURES SIGNED BY GOVERNOR

BILLS ORIGINATED IN BOTH BRANCHES OF LEGISLATURE.

Measure to Amend Law to Protect the Fresh Water Fish in Alachua County.

Governor Albert W. Gilchrist has approved the following bills which originated in the lower house of the Legislature:

An act to permit the registered voters of election district No. 8 of Marion county to decide whether hogs shall be allowed to run at large in said district.

An act to legalize the assessment and levies of taxes for the years 1907 and 1908 by the city of Quincy.

An act to amend chapter 5778, Laws of Florida, relative to fishing in Ocean pond, Baker county.

An act to protect food fishes in the rivers, creeks and bayous in Citrus county.

An act to legalize and confirm the incorporation of the town of Greenland, in Gadsden county, and to declare the same a legally incorporated town.

An act authorizing the town of Palmetto to enact an ordinance providing for a poll tax for street purposes on all male citizens between the ages of 20 and 55 years of age, residing in said town at the time said tax is due, at the rate of \$2 per year, payable semi-annually on the 1st day of May and November of each year.

An act to authorize the board of commissioners of St. Lucie county to levy a tax of not to exceed 5 mills on the dollar, in addition to other taxes now authorized by general law, for grading and hard-surfacing the public roads of said county.

An act for the protection and preservation of game birds and certain other birds and animals in Levy county, and to provide that all non-citizens of this State, taking, hunting or killing game in said county shall obtain a permit therefor.

An act to provide for the erection of sign posts, with sign boards thereon, at all important forks and crossings of public roads in Marion county, and mile posts along said roads by county commissioners of said county, and to provide penalties for a failure to do so by the commissioners of said county, and also providing penalties for removing, defacing, altering or otherwise injuring the same.

The Governor has signed a number of bills originating in the Senate, as follows:

An act providing for the confirmation by the judge granting the order, to sell real estate belonging to infants.

An act requiring Teachers' Summer Training Schools and making appropriations therefor.

An act changing the name of the Institute for the Blind, Deaf and Dumb.

An act changing the name of the University of Florida.

An act changing the name of the Colored Normal School.

An act changing the name of the Florida Female College.

## On Tour of Inspection.

County Commissioners Brown and Tate of Dade county were among the visitors to the city Friday, having come for the purpose of inspecting the roads recently built by the commissioners here. They expressed themselves as highly pleased with what they saw, and state that the roads are not only the best but have been constructed at a much less figure than at other places visited.

Through the courtesy of former commissioner Pedrick, they were driven over the various roads leading in the western part of the county.

## FIRST CAR 'LOPES OFF FOR MARKETS

MELON GROWERS' ASSOCIATION WILL SHIP FANCY FRUIT.

As in Former Years Their Goods Will Be Selected and Packed Properly.

The Gainesville Melon Growers' Association shipped their first solid carload of cantaloupes Friday, which consisted of a very fine grade of fruit.

From this time on the movement will be heavy and by the middle of next week the association will be moving several cars each day. The manner in which they handle their goods has established a demand for the Gainesville product, and last season they went to the extra expense of importing experienced help to assist in the proper handling of the fruit.

The acreage around Gainesville is nothing like what it has been in former years, and owing to the dry weather the yield will not be very heavy.

The car that left this city yesterday was about the finest that has ever been shipped during the first of the season, and Manager Warner feels confident that satisfactory prices will be received.

## WHAT THE EDITOR SAW!

Lakeland Writer Tells of Bartow Man's Experience.

The editor of The Lakeland News made a trip to Tallahassee some weeks ago, and gives the following account of a Bartowite at the Governor's reception:

"One gentle unsophisticated soul from Bartow was standing listening to the music and surveying the sights, when a lady in evening dress hove in sight. Grasping the arm of a friend standing near, the Bartowite gasped: 'Look at that woman!' Questioned as to the cause of his excitement, he explained, indicating the lady, whose back was turned to him, 'Why, just suppose her dress is split down in front as far as it is behind!' The lady turned, several others similarly garbed came up at the moment, and the Bartow man, turning pale, declared 'This is no place for me!' and made a hurried exit, never stopping until he was aboard the sleeper next morning that was to bear him Bartow-ward. And yet the dress was conservative compared with some we have seen at similar affairs."

To this another State paper comments as follows:

"This particular personification of Bartow modesty should be reminded of what the late Sam Jones told his wife one morning after having attended a 'swell' banquet. Mrs. Jones wanted to know all about the dresses worn by the women at the banquet, and Sam replied that they had on nothing from the table up, and he was too much of a gentleman to look under the table."

Now you editors quit making fun of the ladies who are trying to please you and make their neighbors blue with envy. Bet a million Hetherington didn't see one woman whose décolleté showed off a decent figure. Women with other than beautiful necks and shoulders wear décolleté or director gowns, because the doctor says their chests are too soft or some other fool reason.

But, take the dressing business all in all, it is to accomplish two purposes, the one to please the eye of man, and the other to make envious the heart of woman. The body covering function of the dress is a third consideration, sometimes farther away than that, and then fails to accomplish its functions.—Miami Metropolis.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. J. W. McCollum & Co.

Spots Removed While You Sleep. Bill—Has your wife a recipe for removing spots from clothing? Pickle—I should say she had! She removed two five-spots from my trousers pocket with quietness and dispatch last night.—Judge.

# EVERYONE NEEDS S.S.S. IN THE SPRING

This is just a short talk which we hope will be of interest and help to you in selecting the tonic and blood purifier that will be of the greatest value to you this Spring.

That this is the most trying of all seasons on the health is a fact well known to us all. It is the time of year when our constitutions are required to stand the greatest strain, and unless properly cared for the foundation is often laid for physical disorders or disease later on. The great majority of persons are fast coming to realize the importance of preventing disease. Health is our most valued possession, and its preservation is a matter which vitally concerns every one.

Most persons, even those who are ordinarily strong and robust, feel the necessity of a tonic and blood purifier at this season. Some have no particular ailment, but are weak, debilitated and run-down. The Winter life, with its decreased amount of out-door exercise, and the fact that the cold weather has kept the pores of the skin closed, prevented the usual necessary amount of refuse and waste matter from being carried out of the system. These impurities entering the circulation have weakened and thinned the blood, and this vital fluid is therefore lacking in the nourishing properties necessary to sustain and preserve systemic health, when warm, active Spring life begins.

The general bodily weakness, tired, worn-out feeling, fickle appetite, poor digestion, etc., show how weak and anaemic the blood has become. Frequently skin diseases, pimples, eruptions, boils, etc., break out on the skin, and this is evidence of the impurity of the circulation.

S. S. S. is the medicine needed to correct this condition, and is the only one on which you can rely to supply the system with the best tonic effects, and at the same time thoroughly purify the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long, hot Summer.

Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of fever, malaria, or some other trouble. S. S. S. is Nature's ideal tonic and blood purifier, made entirely of the pure extracts of healing, strengthening, health-giving roots and herbs. It tones up the stomach and digestion,

rids one of that tired, worn-out feeling, improves the appetite and digestion, and in every way contributes to the strengthening and building up of the entire system. S. S. S. is recognized everywhere as the greatest of all blood purifiers, and this combined with its unequalled tonic properties, make it a medicine needed by every one in the Spring.

S. S. S. is for sale at all drug stores.
